

Sales Insights Of Atliq Hardware

23-Dec-2023

Designed and Presented
By Rohan Singh Rawat

Introduction

- 
- 1. Problem Statement**
 - 2. Purpose**
 - 3. End Result / Output**
 - 4. Dataset Details**
 - 5. Data Model**
 - 6. Live Dashboards**

Problem Statement

Case study is based on a Computer Hardware and Peripheral Manufacturer Business, Which is facing challenges in dynamically changing market. Sales Director would like to build PowerBi dashboard that can provide him a real time sales insights.

Purpose

To unlock Sales Insights that are not visible before for sales team for decision support and automate them to reduced manual time spent in data gathering.

End Result / Output

Create An automated live dashboard providing quick and latest sales insights in order to support in data driven decision making.

Major Insights

- ❑ Atliq hardware had Total Revenue of Rs(984.87M) with Total Sales Quantity of Rs(2429K) and Total Margin value of Rs(25M) in all 4 years.
- ❑ Most of the customer would like to buy brick and mortar from all the markets.
- ❑ Most Profitable market in Atliq hardware is Leader.
- ❑ Atliq hardware got highest Profit margin upto 10M in all 4 years.
- ❑ AtliQ got sudden drop in 2020 because those markets who have higher profit margin like leader and electricalsara store etc, they have not much profit market contribution then their profit margin which is the real cause of dropping in their Profit and sales.
